

Transition to Work

Our Commitment to Young People (15–24 years)

National Joblink (NJL)

Who are we? National Joblink (NJL) is a community-based not-for-profit registered training organisation. NJL has helped young people to find work or enroll in training for more than 15 years.

What are we going to do for you?

Transition to Work is all about helping you find a job or the right training. To do this NJL will provide you with a service that recognises you as an individual. This program is flexible and individually tailored FOR YOU.

What kinds of activities do we offer?

Sport & Outdoor Rec – rock climbing, basketball, indoor soccer & outdoor adventure
Music – connecting with local music events
Art – canvas art, spray paint & street-style art, craft & local art events
Volunteering – for local non-profit organisations
Training – vocational training & work skills
Employer Connections – site tours, meet & greets, guest speakers
Work experience – try out different types of work & build connections
Business projects – fundraising for a charity of your choice
Specialist Services – housing, health, and literacy services
Online Connections – online learning, career resources & social media

When you get a job or start training, we will keep in touch for at least 6 months to ensure work is shaping up, and you have everything you need.

Where are our Transition to Work offices?
